2006 TOP PICK: Intelli7

901 15th Street, NW, Suite 640
Washington, District of Columbia 20005
Phone: 202-464-2266
www.intelli7.com

Intelli7's network security solutions accurately associate application and data traffic with users by name, enabling real time visibility and control over a user's network activity. Establishing user accountability for network activity enables more effective enforcement and verification of security and business policies and provides a new, network-based perspective how the business really operates.
